

Municipality of Pembina
Household Waste & Recycling Collection Tender

Addendum 1

Date: August 7, 2026

Item #1 – Update to 2.0 Scope of Work

Append to the end of the 4th paragraph after “”Recycling will be hauled to a processing facility of the contractor’s choice”.

Contractor to identify processing location and rate with attached letter from processor.

Item #2 – Update to Agreement Terms & Specifications – Equipment Requirements

Append: Add to the end of to 6.0 (b)

Cart ownership at the end of the Agreement remains the property of the Contractor.

Item #3 – Update to Agreement Terms & Specifications – Other #4

Append: Under “Other”, and below No. 4, add:

4.1 The Municipality has the ability to transfer ownership or assign our contractual obligations of this this agreement and rights over the Multi-Material Stewardship Manitoba (MMSM) following the Government’s approval of the Transition Plan to full Extended Producer Responsibility (EPR) should the Municipality’s transition date fall within the term of this agreement. This shall only apply to the residential recycling portion of the contract.
