

Municipality of Pembina
Household Waste & Recycling Collection Tender

Addendum 2

Date: August 26, 2026

Item #1: 2.0 – Scope of Work

Replace

The **Contractor's bid price** will include the supply of waste & recycle carts as well as the collection, hauling and disposal of material. The hauling and disposal of such materials from all premises within the 3 communities are to be hauled to the RM of Thompson Landfill (excluding recycling). Recycling will be hauled to a processing facility of the contractor's choice. Contractor to identify processing location and rate with attached letter from processor.

With

The **Contractor's bid price** will include the supply of waste & recycle carts as well as the collection and hauling of material. The hauling of waste materials from all premises within the 3 communities are to be hauled to the RM of Thompson Landfill . The cost of disposal will be covered by the municipality under direct agreement with the RM of Thompson.

The hauling of recycling from all 3 communities will be hauled to a processing facility of the contractor's choice. Contractor to identify processing location and rate with attached letter from processor.

Item #2: 7.0 – Bid Documents and Submission of Bids

Under Schedule A – Schedule of Prices

Remove

**** Fuel Escalation****

The unit bid price for the five-year tender term shall include all fuel costs and anticipated fuel escalations. No additional fuel escalation

claims or adjustments will be accepted during the contract term.
Contractors are responsible for incorporating fuel cost increases into
their bid pricing.

Item #3 – Bid Submission Deadline

Extend

Bid Submission Deadline is extended to

3:00 p.m. CT, Wednesday, September 2nd, 2026
