HOME OCCUPATIONS

23. For the purpose of this by-law, home occupations shall be further categorized as "urban home occupations" and "rural home occupations". Within the RM of Pembina, urban home occupations will occur only in the settlement centres of Darlingford and La Riviere.

It is recognized that home occupations in rural areas are often different in nature to those encountered in urban settings. Rural home occupations are often farm-related or are more industrial in nature and are needed by many farmers as a secondary source of income. Generally the increased distance between neighbours lessens the impact of noise, sight and odours thereby allowing a wider range of activities in rural settings.

Council recognizes that both urban and rural home occupations are a vital part of the rural economy but some guidelines are necessary to ensure that they are of a nature that will not have a negative impact on the surrounding area and will not directly compete with established commercial or industrial areas within the municipality or adjacent towns.

URBAN HOME OCCUPATIONS

23. (1) Subject to the issuance of a development permit, a home occupation shall be permitted as an accessory use to the principle dwelling or mobile home provided that:
- (a) it shall be limited to those uses, which do not interfere with the rights of other residents to quiet enjoyment of their neighbourhood;
 - (b) it shall not create a nuisance by way of dust, noise, vibration, smoke, odour, litter, light or heat nor shall it create or cause any fire hazard electrical interference or traffic congestion in the neighbourhood;
 - (c) in the case of retail sales or distribution it offers articles for sale which are limited to those produced therein or articles that are produced elsewhere, but are pre-packaged and held only on a temporary basis for distribution to customers;
 - (d) it is carried on in a dwelling unit or mobile home or its permitted accessory buildings solely by the members of the family residing there without the employment of other persons;
 - (e) there shall be no exterior display, no external storage of materials, containers or finished or unfinished products and no other exterior indication that the building is being utilized for any other purpose other than that of a dwelling, except for a home occupation sign;
 - (f) the site provides for the off-street parking of all vehicles associated with the residence and the home occupation; and

- (g) no more than three hundred (300) square feet or 25% of the gross floor area, whichever is the greater, shall be devoted to home occupations in any dwelling unit or mobile home or accessory building;

Urban types of home occupations shall generally include home day-care, business, professional or organization offices, crafts and hobbies, private tutoring or lessons, hair stylists, bed & breakfast and other such uses.

RURAL HOME OCCUPATIONS

23. (2) Subject to the issuance of a development permit, a home occupation may be permitted as an accessory use to a dwelling or mobile home in an "AG" Agriculture General Zone, "AL" Agricultural Limited Zone, "AV" Agricultural Valley Zone, "RC" Rural Cluster Zone or "GD" General Development Zone provided that:

- (a) it shall be limited to those indoor and outdoor uses, which do not interfere with the rights of other residents to enjoyment of their area;
- (b) the creation of dust, noise, vibration, smoke, odour, litter, light or heat shall be limited so that these effects do not extend beyond the limits of the subject site so as to cause interference with adjacent property and uses; nor shall it create or cause any fire hazard, electrical interference or other hazardous effect;
- (c) in the case of retail sales, it offers commodities for sale which are limited to those produced or repaired on the premises. Some outdoor work, product display, signage and storage of materials or products associated with the home occupation may be permitted; and
- (d) the site provides for on-site parking and loading areas for all vehicles associated with the dwelling or mobile home and the home occupation.

Rural types of home occupations shall generally include farm-related sales and service, machinery and auto repair, welding, carpentry, bed & breakfast and other trades and similar uses directly serving the rural population.

A home occupation to be located in the "AG", "AL", "AV", "RC" and "GD" Zones shall be subject to conditional use approval, when it does not comply with the requirements of clauses (a) - (g) inclusive of subsection (1) above.

PRIMARY BUSINESS

23. (3) If, in the opinion of Council, a home occupation is no longer a secondary use or contravenes or exceeds the requirements outlined in Subsections (1) or (2) as applicable, it shall be considered evidence that the home occupation has become a primary business. In this case, it shall cease if the subject zone does not provide for such a primary business and be encouraged to relocate to an appropriate zone within the municipality.

YARDS

GENERAL REQUIREMENTS

24. (1) Except as herein provided, the following provisions shall apply in all zones to ensure adequate yards and setbacks:
- (a) The yard requirements shall be as set forth in the USE AND SITE REQUIREMENTS of each zone;
 - (b) All yards and other open spaces required for any use shall be located on the same site as the use;
 - (c) Where permitted in this by-law, a building containing more than one unit with common party walls, such as a semi-detached two-family dwelling, row housing or businesses shall be considered as one (1) building occupying one (1) site for the purpose of side yard regulations;

RURAL AREA ZONES

INTENT AND PURPOSE

32.(1) The following Rural Area zones are hereby established in order to carry out the intent and purpose as described below:

"AG" Agricultural General Zone – this zone provides for general agricultural activities including grain production, dairying, apiculture, market gardening, horticulture, silviculture and for animal and poultry production on a commercial scale.

"AL" Agricultural Limited Zone – this zone provides for a range of agricultural activities on a commercial scale, including livestock operations, while placing limitations or restrictions on certain uses because of proximity to existing settlement centres.

"AV" Agricultural Valley Zone – this zone provides for a wide range of agricultural activities, including livestock, but also recognizes that the unique physical features of the Pembina Valley offer potential for other uses such as non-farm residential developments and regional recreational attractions.

"RC" Rural Cluster Zone – This zone is intended to recognize the existing and potential future land uses in the Rural Cluster areas of Kaleida and Snowflake as identified in the Pembina-Manitou Development Plan. This zone is primarily geared toward non-farm residential development, however a range of other uses may be appropriate in this zone including retail, service and recreational uses which serve the rural and agricultural community.

REGULATION OF LIVESTOCK PRODUCTION OPERATIONS

LIVESTOCK ANIMAL UNIT TABLE

32.(3) Any reference in this By-law to Animal Units (A.U). shall use TABLE 4-5 to determine the number of animal units produced.

CONDITIONAL LIVESTOCK OPERATIONS

- 32.(4)(a) Livestock operations shall be a conditional use in the “AG” Agricultural General Zone and the “AV” Agricultural Valley Zone when the operation produces in excess of 300 livestock animal units (A.U.).
- 32.(4)(b) All livestock operations shall be a conditional use in the “AG” Agricultural General Zone when the operation is within 1,600 metres (1 mile) of the Mary Jane Reservoir.
- 32.(4)(c) When considering a conditional use application for a livestock operation, Council shall take into consideration:
- i) the type of operation and livestock;
 - ii) size of the operation;
 - iii) manure management system (i.e. type of facility, handling and storage, etc.);
 - iv) manure disposal system (i.e. disposal site, etc.);
 - v) nature of area (treed, open crop, soil types, water table, etc.);
 - vi) prevailing winds;
 - vii) neighbouring land uses, distances to non-compatible uses, etc.;
 - viii) the land base under ownership and agreement;
 - ix) the Provincial Land Use Policies for Manitoba; and
 - x) the Livestock Manure and Mortalities Regulations of the Environment Act

For Reference Purposes Only

Changes to an approved conditional use for a livestock operation shall require a new conditional use order and shall be subject to the provisions of The Act. Potential changes include but are not limited to:

- i) a change to a different animal type;
- ii) an increase in the number of animal units (AU);
- iii) a reduction of the original parcel size; or
- iv) a change to any condition imposed by Council in the original conditional use order

LIVESTOCK OPERATION SITING CRITERIA

32.(5) In the case of both permitted and conditional livestock operations:

- (a) no manure storage facility shall be located within 328' (100M) of any property line of the land affected by a livestock operation;
- (b) no livestock confinement area shall be located within 328' (100M) of any property line of the land affected by a livestock operation; and
- (c) no livestock confinement area shall be located within 328' (100M) of any water course, body of water, or well.

N.B. Requirements of 32.(5) are Manitoba Regulations and therefore cannot be varied.

LIVESTOCK OPERATION MANURE STORAGE

32. (6) In no case, shall the manure from any livestock production in the agricultural zones be:

- (a) stored within 328' (100M) of a watercourse, body of water, or well;
- (b) stored within 328' (100M) of the property line of the operator (excepting field stored manure).

N.B. Requirement 32. (6)(a) is a Manitoba Regulation and therefore cannot be varied.

EXCEPTIONS

32. (7) The following are not subject to the requirements for livestock operations unless, in the opinion of the Council, they create a nuisance or pollution problem:

- (a) livestock auction markets;
- (b) agricultural fairs;
- (c) livestock sale yards, in which livestock may be kept for a period not exceeding ten (10) days.

Compliance with the requirements of subsections 32(5), 32(6) and 32(7) above does not relieve the operator from compliance with complementary or additional requirements which may be required under Manitoba Regulations.

MUTUAL SEPARATION OF DWELLINGS AND LIVESTOCK OPERATIONS

32. (8) A mutual separation distance shall be maintained between livestock operations and any single dwelling or group of dwellings in a village or residential area. The dwellings of the operator shall be excluded from this requirement. The mutual separation distance shall be as follows:

| Minimum Separation Distances for Siting Livestock Operations | | | | |
|---|---|---|--|---|
| | Separation Distance in Metres (Feet) from Single Residence | | Separation Distances in Metres (Feet) from Designated Areas | |
| Size of Livestock Operation in Animal Units | To Earthen Manure Storage Facility | To Animal Housing Facility and Non-earthen Manure Storage Facility | To Earthen Manure Storage Facility | To Animal Housing Facility and Non-earthen Manure Storage Facility |

- (c) 201-300 AU requires a 1500' (460M) separation
- (d) in excess of 300 AU requires a 2200' (670M) separation

This separation distance is deemed to be a required yard for the purposes of this by-law and variances may be considered. However, if a variation to an operation is proposed all residences within the separation distance must be notified of the variation hearing. Conversely, all operations within a separation distance must be informed where a variation is proposed for a residence. In the case of existing operations, which do not comply with the separations, any change or expansion to the operation must receive the necessary variation order.

LIVESTOCK AS ACCESSORY USE

32. (9) The keeping and raising of animals for personal use is not considered livestock under this By-law; it is considered an accessory use and is regulated under the Use and Site Requirements in the subject zones. However, the number of animal units allowed in a particular area must still adhere to the criteria spelled out in the Accessory Use Table (Table 3-1). Further, if a proponent is considering raising animals for personal use and the number of AUs exceed 10; the operation would become conditional.

NOTICE OF PUBLIC HEARING FOR LIVESTOCK OPERATIONS

- 32.(10) In addition to the notice provisions in The Planning Act, prior to any hearing of an application for a conditional use approval to establish or expand a livestock operation, Council shall give the following notice:
- (a) 1-299 AU send notice by regular mail to every residence and non-resident landowner within 1 mile (1600M); and
 - (b) 300+ AU and all earthen manure storage facilities send notice by regular mail to every residence and non-resident landowner within 1.25 miles (2000M).

WIND ENERGY GENERATING SYSTEMS

32(11) Prior to the construction of **Wind Energy Generating Systems (WEGS)**, plans illustrating the siting location of each wind energy generating system device and associated works, including access driveways, must be provided to the Municipality for site approval and shall conform with the following criteria:

- (a) WEGS shall maintain a minimum 125 foot front yard setback;
- (b) WEGS shall be located so that the horizontal distance measured at grade from the outside of the rotor arc to any rear or side yard is at least 25 feet;
- (c) WEGS shall be located not less than twice the height of the WEGS, as measured from the ground to the highest point of the rotors arc, from a dwelling unit not belonging to the owners of the land upon which the WEGS is to be situated;
- (d) Where in the opinion of Council, the setbacks or separation distances referred to in this section are not sufficient to reduce the potentially negative impact of WEGS due to the proposed number or density of WEGS, the existing number or density of other uses in the general vicinity, the proximity to a public road or any other reason that Council believes is relevant, Council may increase the required setbacks and separation distances; and
- (e) Proposals for WEGS to be located in the vicinity of a Provincial Highway shall be circulated to Manitoba Transportation and Government Services for review and comment and shall be subject to the requirements of the regulations affecting those roadways.

NON-FARM RURAL RESIDENTIAL DEVELOPMENT

32(12) Any proposal to develop non-farm rural residential lots in the “AV” Agricultural Valley Zone is considered a conditional use and shall be subject to the following requirements:

- (a) No more than 3 non-farm rural residential lots may be approved on a quarter section and the lots must be contiguous to each other;
- (b) In addition to the minimum siting requirements set out in Table 4-3 of this by-law, the maximum site area for a non-farm rural residential lot shall generally not exceed 5 acres and siting decisions must be in accordance with the policy direction set out in Section 2.3.5 of the Pembina-Manitou Development Plan; and
- (c) The mutual separation distance between residences and livestock operations must be maintained in accordance with Section 32(8) of this by-law.

SETTLEMENT CENTRE ZONES
