

Municipality of Pembina POLICY

SECTION: Environmental Development

NUMBER: EnvDev-03-18

TITLE: Apiary Policy for the Town of Manitou

PAGE: 1 of 1

To deal with the construction and maintenance of apiaries within the Town of Manitou limits; the Council of the Municipality of Pembina enacts a policy as follows:

POLICY STATEMENT

- 1) All Beekeepers must operate under and adhere to provisions of the Manitoba laws for Beekeepers as identified in the The Bee Act.
- 2) All beehives must be located at least half (1/2) a kilometer away from any structure located within the Town of Manitou.
- 3) Where allergies are identified and a doctor's note is supplied to the municipal office, apiaries must not be located with 1 kilometer from the residence or structure.
- 4) All bee keepers operating within the Town of Manitou limits must register at the municipal office. If the apiary is moved or additional locations are acquired, the municipal office must be notified of the new site(s).
- 5) This policy does not limit the allowance for wintering bees within the town limits, only active bee hives. If wintering bees, the municipal office must be notified of the location of the bees.

Approved by: Reeve and Council

Implementation Date: November 8, 2018
Resolution No. 198/2018
